EAN:	4013288190963	**Size:**	230x60x35 mm
Part number:	05004966001	**Weight:**	352 g
Article number:	8007 B VDE	**Country of origin:**	CZ
		Customs tariff number:	82041200

- Insulated and 100% individually tested Zyklop ratchet for safe working up to 1,000 volts
- Fine toothing with 80 teeth for a short return angle of only 4.5°
- Extremely slim design with a soft, ergonomic grip zone for easy work even in very confined spaces
- Safe socket lock via push button, convenient direction change thanks to the reversing lever
- Plastic coating protects surfaces from damage

Zyklop ratchet VDE with switch lever with the unmistakable Wera design. Slim design for working even in very confined spaces. Due to the finely spaced 80 teeth, a low return angle of only 4.5° is possible. With a reversing lever for a comfortable change of direction. With secure socket locking function by push button. Individually tested tool as per IEC 60900 at 10,000V for safe working at the approved voltage of 1,000V.

8007 B VDE Zyklop ratchet, insulated, with switch lever, with 3/8" drive, 3/8" x 222 mm

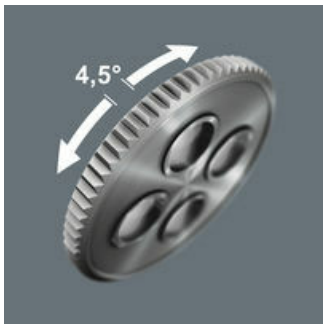
Zyklop VDE Ratchet and Accessories - Every piece is safety tested.

Zyklop ratchet and accessories for Electricians

Individually tested

The individual testing of the Zyklop tools for electricians at 10,000 volts, in accordance with IEC 60900, guarantees safe working under voltages up to 1,000 volts.

Fine-tooth design



The Zyklop VDE ratchet allows a short return angle of only 4.5 ° thanks to its 80 teeth.

For tight spaces

The extremely slim design of the Zyklop VDE ratchet makes it easy to work, even in confined spaces.

Ball lock

The ball lock ensures sockets and accessories are securely fitted, providing increased safety during operation. A short press on the release button allows the tool to be changed quickly.

Switch lever

Switch lever for convenient change of direction.
