840 S Hex-Plus bits for impact screwdrivers, 5 x 70 mm

Kraftform Kompakt 900 impact screwdriver

EAN:	4013288222442	**Size:**	70x7x7 mm
Part number:	05018152001	**Weight:**	17 g
Article number:	840 S Hex-Plus	**Country of origin:**	CZ
		Customs tariff number:	82079030

- For socket head screws
- Extra tough for long durability
- Hex-Plus allows socket head screws to live longer
- 1/4" hexagon drive
- For use with Wera impact screwdriver 921

Extra tough bit for hexagonal socket screws. This prevents the bit from breaking prematurely and extends its service life. Suitable for use with Wera impact screwdrivers 921. With 1/4" hexagonal drive.

840 S Hex-Plus bits for impact screwdrivers, 5 x 70 mm

Kraftform Kompakt 900 impact screwdriver

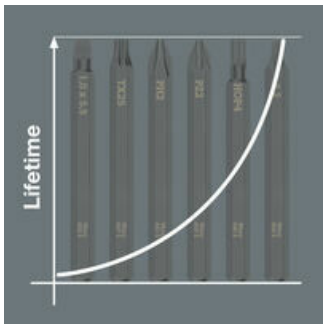

The 921 impact screwdriver combines the advantages of manual impact wrenches, compact tools and screwdrivers with pound-thru blade.

For use with 921 impact screwdriver

The Wera impact screwdriver bits are particularly suitable for use with the Wera 921 impact screwdriver.

Long life span

The extra tough bits stand out with their particularly long service life. Premature breakage is prevented.

Hex-Plus

Hexagon socket screws are a problem, because the contact surfaces that transfer the force of the tool to the screw are very narrow. The consequence: the head of the screw can be damaged, usually rounding out the recess. Hex-Plus tools have larger contact surfaces to prevent this, driving from the flats of the recess, rather than the corners. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!
